Welcome to Neff Accounting, formerly Sharp Accounting Service. We have over 20 years experience in providing complete accounting services with a focus on small and medium businesses.

We can help you with accounting services for new business startups, monthly, quarterly and annual accounting, as well as tax preparation. Yada, yada, yada.

We would welcome the opportunity to discuss your business accounting needs. We can help your business thrive and to grow.

In addition to full service accounting, we can assist with filing of income, sales and payroll taxes. Blah, blah, blah. Yada, yada, yada.
